## SKILLS

- HTML
- CSS
- JavaScript
- React
- Git
- Vite
- Yarn
- TypeScript
- Experience with AI-assisted development and learning

## LANGUAGES

- Russian (Native)
- Azerbaijan(Native)
- Turkish (Intermediate)
- English (Basics)

## PROFILE

Enthusiastic and motivated Junior Frontend Developer with a solid foundation in HTML, CSS, JavaScript, and React. Passionate about building clean, responsive, and user-friendly interfaces that enhance user experience. Skilled in modern tools such as Vite, Yarn, and Git, with basic knowledge of TypeScript.

Eager to apply my knowledge to real-world projects, contribute to a collaborative development team, and continuously improve my coding skills. Highly motivated to learn from experienced developers, stay updated with the latest web technologies, and grow into a professional software engineer.

## EXPERIENCE

Store Manager | Fabric & Interior Decoration Retail
Company Name: Ev tekstil — Qusar, Azerbaijan
2015 – 2025

- Successfully managed a retail store specializing in fabrics, curtains, interior decoration, and lighting for over 10 years, ensuring consistent growth and customer satisfaction.
- Promoted from Sales Associate to Store Manager due to strong performance, leadership skills, and ability to deliver results.
- Led a team of X employees (sales staff, warehouse, and support), providing training, coaching, and performance evaluations to improve efficiency and teamwork.
- Oversaw daily store operations including sales, inventory control, supplier negotiations, financial reporting, and customer service.
- Implemented process improvements that reduced operational costs and improved sales performance.
- Analyzed customer needs and market trends to adapt product offerings, which helped maintain high client loyalty and repeat business.
- Handled complex problem-solving situations such as customer complaints, urgent supply issues, and staff management challenges.
- Developed strong organizational, communication, and analytical skills, directly applicable to project management and IT teamwork.
- Gained experience in using digital tools (inventory software, Excel, reporting systems) which laid the foundation for transitioning into technology-driven fields.

Key Skills gained relevant to IT:
- Leadership and team management
- Problem-solving and analytical thinking
- Process optimization
- Attention to detail and accuracy
- Adaptability to new technologies
- Communication and collaboration
